

# Uniform Policy

## Alice Springs Netball Association

The Alice Springs Netball Association, as the governing body for the sport in Alice Springs will:

- Provide a safe enjoyable, inclusive, and competitive environment
- Deliver innovative options for participation in netball across one's lifespan
- Exemplify consistency, transparency, and integrity through strong governance
- Promote positive collaboration with clubs and the broader community

## Purpose

Alice Springs Netball Association supports the position of Netball Northern Territory that all participants should, as far as possible be supported in wearing a uniform that allows them to participate in netball in a manner in which they feel most comfortable. ASNA are committed to allowing flexibility in order to provide a welcoming, safe, and open environment for all members.

## Club Uniforms

- All affiliated clubs must register their official playing colours, material pattern and type of uniform and bibs with the Executive.

## Uniform Style

- ASNA grant all affiliated clubs the option to provide flexible uniform options for their members. Examples of this include dresses skirts, leggings, shorts, t-shirts, singlets, and long-sleeve shirts.
- The following guidelines apply
  - Colour and design of uniform must be consistent between garment types
  - T-shirts, singlets or long sleeve t-shirts must be the same design as the top of the traditional playing dress;
  - T-shirts, singlets or long sleeve t-shirts must be able to clearly display a playing positional bib;
  - the choice of bottoms must either include the same design as the dress/top or be a designated block colour to match the uniform (i.e. black, royal blue, navy blue etc.);
  - head or face coverings should be a designated block colour to match the uniform (i.e. black, royal blue, navy blue etc.);
  - Skins/leggings worn underneath the uniform must be completely black, white or in a block colour to match the uniform;
  - Uniforms must not present a genuine safety risk to the wearer or other players (i.e. open pockets, buttons or zippers)

## Playing Colours

- If a multi-coloured patterned material is part of the uniform, these registered colours, whether two or three, must be of approximate equal, prominence in the pattern.  
E.g.: Registered colours – red, blue & yellow. A patterned material must feature red, blue & yellow but may include other minor colours.
- Colours remain registered to each club for a period of two playing seasons after their withdrawal from the competition and must not be approved by the Executive for any other club during that period.

## Application to the Executive

- Application to change the official colours, the style of uniform and/or the material pattern, must be made in writing to the Executive Committee prior to the start of the next competition.
- Approval to change the uniform must be provided by the Executive
- Clubs must notify the Executive of any proposed logo to be worn by club/team sponsors, to ensure that no conflict of interest exists with ASNA and NNT sponsors.
- The size and required position/s of the logo must be included. In line with the policy of both ASNA and NNT, alcohol and tobacco sponsors are not allowed.

## Association Uniforms

- The Alice Springs Netball Association official playing colours as registered with Netball NT are black, white, and gold, with the black and white being the predominate colour.
- These colours must be incorporated in all uniforms worn by players and team officials at Netball NT Championships and in any other matches in which an official ASNA team competes.
- If a patterned material is used as part of the official playing uniform, black and white must predominate with gold added to complete the pattern.
- Black, white, and gold must also be incorporated into any other garment issued to ASNA Representative Players and Team Officials as part of their official uniform e.g., walking out shirt
- The combinations of black and white or black, white, and gold are not to be registered as club colours
- If a change to the registered colour combination and or /material pattern is required, application must be made to Netball NT for approval at least six (6) months prior to the event at which the new colours are to be worn. It is advisable that a sample of the pattern / colour scheme accompany the request. Orders are not to be placed until such time as permission has been granted by Netball NT Management Team.
- Consideration of the registered colours of other affiliated associations must be made so that the proposed colour scheme does not closely resemble those of other associations
